Profile

I am a motivated college student attending Bradley University pursuing UX design. I'm currently seeking employment opportunities to help elevate my knowledge and skill for continuous improvement. With a strong passion for learning and a drive to excel, I am dedicated to making a meaningful contribution in a professional environment.

Work Experience

The Lakeshore Social | *Graphic design Intern*

2025

- Assisted in creating digital graphics and marketing materials for social media, helping CPG brands strengthen their online presence.
- Supported design projects by editing video content, and preparing visuals that aligned with brand guidelines.
- Collaborated with social media team to brainstorm creative concepts and design assets for client campaigns.
- Gained hands-on experience using design software such as Adobe, Canva, Figma, & CapCut.
- Learned how to adapt design styles to different industries and audiences, balancing creativity with client needs.

Chicago High School for Agricultural Sciences | *Career & Technical Educational*

2022

- Conducted comprehensive inventory management for food for food science lab, ensuring accurate tracking and optimal utilization of resources.
- Demonstrated proficiency in farming techniques, leveraging hands-on experience to cultivate and nature crops with a focus on sustainable practices.
- Acquired valuable expertise in a professional setting, successfully navigating and thriving with dynamic environments while consistently delivering high-quality results.

Chicago Food Pantry | *Volunteer*

2021

- Facilitated efficient separation and packaging of food items, ensuring proper handling and storage protocols.
- Collaborated effectively within a team environment, working together to accomplish shared objectives and meet deadlines.
